

KING'S HILL
PRIMARY SCHOOL

Accessibility Plan 2023-2026

King's Hill Primary School offers a welcoming and happy environment, in which pupils thrive and want to do the best they can to reach their full potential. We want all children to enjoy school, to be challenged to achieve their very best, and to consider their time at the school as being valuable and enjoyable.

We are committed to giving all of our children every opportunity to achieve the highest of standards. We do this through ensuring that everybody adheres to our school ethos of working together to achieve excellence. We take account of pupils' varied life experiences and needs, offer them a broad and balanced curriculum and have high expectations for all children.

Purpose of Plan

To show how King's Hill Primary School continues to ensure the accessibility of our school for disabled pupils, staff, parents/carers and visitors.

Definition of disability

A person has a disability if he/she has a physical or mental impairment that has a substantial and long-term adverse affect on his/her ability to carry out normal day- to-day activities.

Areas of planning responsibilities

- Increasing access for disabled pupils to the school curriculum (this includes teaching and learning and the wider curriculum of the school such as

participation in after-school clubs, leisure and cultural activities or school visits)

- Improving access to the physical environment of schools (this includes improvements to the physical environment of the school and physical aids to access education)
- Improving the delivery of written information to disabled pupils (this will include planning to make written information that is normally provided by the school to its pupils available to disabled pupils. The information should take account of pupils' disabilities and pupils' and parents' preferred formats and be made available within a reasonable timeframe)

Contextual Information

King's Hill Primary School has been in its current location since 1930 . We have 16 classrooms plus interventions rooms, 2 libraries and 2 disabled toilets. In addition we have a conservatory/classroom for SEND pupils to work one to one. Our reception is located at the front of the building with wheelchair access into reception. We have wheelchair access into our Early Years classrooms. Two further pupil entrances have wheelchair access into the building but then limited access to all classrooms and no access to the hall.

At present we have no wheelchair dependent pupils, parents or members of staff.

Current Range of known disabilities

The school has children with a range of disabilities to include moderate and specific learning disabilities. We have a pupils and parents with a visual impairment and a hearing impairment.

Increasing access for disabled pupils to the school curriculum.

Improving teaching and learning lies at the heart of the school's work. Through self-review and Continuous Professional Development (CPD), we aim to enhance staff knowledge, skills and understanding to promote excellent teaching and learning for all children. We aim to meet every child's needs within mixed ability, Inclusive classes.

It is a core value of the school that all children are enabled to participate fully in the broader life of the school. Consequently, all children have always been permitted to attend age relevant after school clubs, leisure and cultural activities and educational visits. The only exception would occur if a child had breached school rules when deprivation of club attendance may be used as a suitable short term sanction and to ensure the safety of others.

Improving the delivery of written information to disabled pupils

This will include planning to make written information that is normally provided by the school to its pupils available to disabled pupils.

In planning to make written information available to disabled pupils we again need to establish the current level of need and be able to respond to changes in the range of need. The school will need to identify agencies and sources of such materials to be able to make the provision when required. The schools ICT infrastructure will enable us to access a range of materials supportive to need.
