Purpose

The purpose of this document is to set out the various categories of information that maintained school routinely publishes and makes available.

Scope

This document fulfils the requirements set out by the Information Commissioner's Office (ICO) with regard to the minimum content of school publication schemes.

1. Introduction

One of the aims of the Freedom of Information Act 2000 (which is referred to as FOIA in the rest of this document) is that public authorities, including all maintained schools, should be clear and proactive about the information they will make public.

Our school is a public authority for the purposes of FOIA and as such is required to adopt the model publication scheme for schools approved by the ICO.

The School is committed to ensuring that it provides access to information in accordance with its obligations under the FOIA, associated regulations and professional guidelines. The School will use all appropriate and necessary means at its disposal to comply with the legislation and associated guidance.

2. What is in the Publication Scheme

The model scheme requires the School, as a public authority, to “produce and publish the method by which the specific information will be available so that it can be easily identified and accessed by members of the public”.

The Publication Scheme therefore sets out:

- the classes of information which we publish or intend to publish;
- the manner in which the information will be published; and
- whether the information is available free of charge or on payment.

The ICO expects the School to make the information detailed in this document available within the Publication Scheme unless:

- We do not hold the information
- The information is exempt under one of the FOIA exemptions or Environmental Information Regulations 2004 (EIR) exceptions, or its release is prohibited under another statute.
- The information is readily and publicly available from an external website; such information may have been provided by the School or on its behalf. If that is the case we will provide a direct link to the information.
- The information is archived, out of date, or otherwise inaccessible.
- It would be impractical or resource intensive to prepare the material for routine release.

The scheme covers information already published and information that is to be published in the future. All information in our publication scheme is either available for you on our website <https://www.kings-hill.walsall.sch.uk/policies/> to download and print off or available in paper form from the school on request.

Some information that we hold may not be made public, for example personal information. This publication scheme conforms to the model scheme for schools approved by the Information Commissioner.

We endeavour to make as much information as possible available online. The classes, below, provide links to information which is available. If any of the information is not available online, the scheme will explain how it can be accessed. We will continue to develop this scheme to increase the amount of information that can be accessed through it.
