

Year 3 Autumn News!

Celebrating The Arts

To kick start the year, year 3 planned, designed, made and evaluated their own castles as part of our 'Celebrating The Arts'.

Black History Month

Year 3 celebrated Black History Month in October. The theme this year was, 'Standing Firm in Power and Pride'. We celebrated by looking at Kimmy Cantrell's work and designed our own masks.

To launch our new history topic 'The Stone Age' we became time travellers for the afternoon. We went all the way back in time to the Stone Age to experience how life was different to life now. Using activities such as role-play we discovered what life was like in Stone Age Britain, experiencing life as hunter gatherers and early farmers. We then moved through time to the Iron Age, and visited an iron forge, meet an acting druids and receive an important message from the Chieftain who set us a task to complete.

We thoroughly enjoyed our visit to Darlaston Library! We are looking forward to going back next term!

During Ant-Bullying week, children raised awareness for the cause by participating in a non-uniform day and wearing odd socks to symbolize and celebrate individuality as well as lots of activities in class and attending a whole school assembly.

We also presented a class assembly to emphasise the importance of Remembrance Day and why we commemorate the fallen soldiers. Thank-you to all the families who came to show their support to our children. I think you will all agree with us when I say they did a fantastic job of learning their lines and delivering an outstanding and heart-warming assembly to our families.

In December we had a visit from Walsall council who delivered a practical session to develop valuable road safety skills, these included things to think about before you go out, the green cross code and safer places to cross and risk awareness.

GIVE WAY STOP 30

THE GREEN CROSS CODE

A thorough knowledge of the Green Cross Code is vitally important to primary school children over 7 years:

1. First find a safe place to cross
2. Stop just before you get to the kerb
3. Look all around for traffic and listen
4. If traffic is coming, let it pass, look all around again and listen
5. When it is safe go straight across the road - do not run
6. Keep looking and listening for traffic while you cross

STOP - LOOK - LISTEN
